

Bank Draft

A Fast and Easy Way to Pay Your Water Bill

Some of the advantages of paying by bank draft:

1. Your bill will always be paid by the due date.
2. Your credit record will be the best.
3. You will never have a penalty for late payment.
4. No late notices because of some problem in your payment getting to us on time.
5. You will save postage and the cost of an envelope.
6. No more worries about mail delays or missing mail.
7. A change in your mailing address will not affect getting the bill paid.
8. You will continue to get a water bill at the normal time so that you can enter the amount in your checkbook to ensure funds to cover payment of the draft. This bill will also show that the payment is being made by bank draft.

General Bank Draft Information

1. Your bank account will be drafted on or about the 10th (tenth) of the month and your BTC Water account will be credited the same day.
2. If you decide to pay by bank draft, please send us a "voided" check and the authorization to draft your bank account for payment of your electric bill. Just be sure there are sufficient funds in your bank account to pay the draft each month.
3. Regardless of the method you use to pay your bill, you are a valued member of BTC Water and we appreciate you.

I authorize BTC Regional Water District to draw monthly drafts on my bank account, shown above, for the payment of my monthly water bill. I understand that drafting of my bank account will occur on or about the 10th of every month. I also understand that I can discontinue my participation in the Bank Draft Pay Plan by notifying BTC Regional Water District in writing. I understand that BTC Regional Water District reserves the right to limit participation in the Bank Draft Pay Plan to customers whose accounts are in good standing.
